**Subject:** FFITARA Approval for the Budget Formulation System/Budget Automation System O&M / Development Contract recompetition

Carol and Jackye,

Thank you for meeting on November 28 to discuss the recompetition of the BFS/BAS O&M and Development contract.

As discussed, OEI will let you know when our Microsoft Azure services become available, so that you may take advantage of ExpressRoute and other components.

This request is approved for the base year of the contract. Before exercising Option Year 1, please send an updated request to [FITARA-Review@epa.gov](mailto:FITARA-Review@epa.gov) so that we can touch base on progress.

Ann

Attached is our FITARA questionnaire, the current SOW and IGE. This is to award a new contract to replace our current one which is into its final option year. The contract supports the agency's budget systems.

Thanks,  
Jackye

We are preparing for our new contract award. Our current contract will expire this coming July. What do I need to do to schedule a review? And what documentation do you need from me to get this started?

Thanks,  
Jackye
